USING THE OPTIONAL EQUIPMENT MANUAL

▲ WARNING

- This manual is to be used only for identification and ordering service parts. Be sure to read and use the maintenance and service manual before attempting any vehicle repairs.

Use this manual to identify and order accessories for Club Car All-Wheel Drive vehicles. The Optional Equipment Manual is current at the time of publication. Any newer versions can be downloaded from Partner Pavilion under Support > Publications > Technical Publications.

This manual includes two reference tools: a Table of Contents and an Index. The Table of Contents lists section numbers and titles, and under them, individual page titles and page numbers included in that section (Fig. 1).

There is a two-page spread for each page title listed in the Table of Contents. The left-hand page (Fig. 3) contains either an illustration or a photograph showing kits and parts in their relative positions. Each part is labeled with a number balloon.

The right-hand page is the parts list page. The item numbers listed on the parts list page correspond to the balloon numbers in the illustration. The parts list page also shows part numbers, part descriptions, quantity used, and applicable vehicles.

Some item descriptions are indented. This indentation corresponds to a parts assembly level. A part that is indented to *level 2* is either a component of the *level 1* part (assembly) that it is listed under, or it is a variation of the item listed at *level 1*. A *level 3* part is a component of the *level 2* part that it is listed under, and a *level 4* part is a component of the *level 3* part (Fig. 4).
