ILLUSTRATED

PARTS LIST

DS GOLF CARS
GASOLINE/ELECTRIC

MANUAL NUMBER 102067401

EDITION CODE 0899A00000

USING THE ILLUSTRATED PARTS LIST

WARNING

- THIS MANUAL IS TO BE USED ONLY FOR IDENTIFICATION AND ORDERING OF SERVICE PARTS. BE SURE TO READ AND USE THE MAINTENANCE AND SERVICE MANUAL BEFORE ATTEMPTING ANY VEHICLE REPAIRS.

This manual covers all 2000 Club Car® DS Tranquility®, DS V-Glide 36-Volt, DS PowerDrive® System 48™ and DS PowerDrive Plus® vehicles.

The manual is divided into 16 sections. Sections 1 through 5 pertain to both gasoline and electric vehicles, sections 6 through 11 pertain to gasoline vehicles only, sections 12 through 15 pertain to electric vehicles only, and section 16 pertains to tools that are used on all Club Car products. Note that there are two or three flags on the outside edge of each page. The first flag contains the section number of which that page is a part. The other flag (or flags) contains either the letter G or E, signifying that the page pertains to either the gasoline or electric vehicle only, or to both the gasoline and electric vehicles.

Use the Table of Contents to find the sections and pages that contain the parts and assemblies you seek. The Table of Contents lists section numbers, and under them, the individual page titles and numbers to be found in that section. Unless a page title specifies a particular vehicle(s), the page applies to all DS vehicles.

Typically, there is a two-page spread for each individual page title in the Table of Contents (however, some titles require several spreads). On the left-hand page is an illustration showing the parts in their relative positions; the parts are each tagged with an item number in a balloon. The right-hand page is the parts list page, and gives the page title at the top, then the item numbers (corresponding to the numbers on the illustration), part descriptions, and quantity of parts used. Some item numbers have more than one part number because several models and/or configurations of a component are represented together on one spread.

Note that a part description may be indented. This indentation corresponds to a parts assembly level indicated by the numbers 1, 2, 3, and 4 at the top left corner of the parts description area of the parts list page. A part that is indented to *level 2* is a component of the *level 1* part (assembly) that it is listed under. A *level 3* part is a component of the *level 2* part that it is listed under, and a *level 4* part is a component of the *level 3* part preceding it. In each case, the part quantity given for a level 2, 3, or 4 part *is the quantity used per next higher level assembly of which it is a component*. A part that is not indented is a *level 1* part. This means that the quantity given is the quantity used per the portion of the vehicle illustrated on that particular spread.

**DRIVER / PASSENGER
WARNING DECAL**

⚠ WARNING

- READ AND FOLLOW THESE WARNINGS AND THE OPERATING INSTRUCTIONS BEFORE USING VEHICLE. FAILURE TO DO SO CAN CAUSE SEVERE INJURY OR DEATH.
- Operation from driver side by authorized persons only and only in designated areas - not on public roads.
 - DO NOT start vehicle until all occupants (two (2) per seat maximum) are seated.
 - Remain seated with entire body inside vehicle and hold on to seat handle or handrail at all times.
 - Drive slowly in turns and straight up and down slopes.
 - Never stand in front of or behind vehicle.
 - DO NOT operate while under the influence of alcohol or drugs.
 - DO NOT leave children unattended on vehicle at any time.
- CCI 1019606-01

KEY SWITCH

OPERATING INSTRUCTIONS

- Read Owner's Manual and safety warnings located on dash panel prior to driving.
 - Study and understand controls.
 - Make sure wheels are turned in desired direction.
 - Turn key to "ON" position and be sure nothing is in your path.
 - While vehicle is stopped, select direction by placing shift lever or switch in desired position:
F - Forward N - Neutral R - Reverse (Buzzer will sound)
 - Vehicle will start moving when accelerator pedal is depressed.
 - Slowly depress accelerator pedal to increase speed. Park brake will release when accelerator pedal is depressed.
 - To stop, release accelerator pedal and depress brake pedal.
 - After stopping, firmly depress park brake until it locks.
 - Place forward and reverse switch in neutral position.
- Turn key "OFF" and remove key when not in use.
- CCI 1016216-01
